

Saturday 17th September 2016

10 am – 6 pm

**Free event in support of North Devon Coast
AONB *Coastal Creatures* project**

Join naturalists to help find, identify and record as many different animal and plant species from the land, coastline and sea as possible within an 8 hour period.

Together let's build a picture of what flies, swims, grows, hides and scurries in the beautiful coastal environment around ***Limekiln Field, Moor Lane, Croyde, EX33 1NZ.***

Share in the action at the tented BioBlitz village where you can peer down a microscope, dip into a programme of guided walks; join a rockpool ramble or other shore events.

Fun nature based activities for all ages throughout the day.

Discover wildlife at close quarters, talk to experts and view the displays provided by local wildlife groups.
